

ACCOUNTABILITY QUESTIONS ENVIRONMENTAL JUSTICE

1. Will your administration support bills to reduce single use plastics on O'ahu?
 Yes No
2. Do you commit to creating a new culturally-grounded, sustainable tourism model that benefits local residents' quality of life? Such a model will prioritize health and prevent overcrowding, root experiences in Native Hawaiian values, and strengthen- not just market or deplete- our natural resources?
 Yes No
3. Will your administration do what is necessary to protect O'ahu's main drinking water supply from being contaminated by leaks from the 77-year old US Navy Red Hill fuel tanks?
 Yes No
4. Do you commit to increasing jobs aligned with the state's transition to a clean energy economy, especially jobs that meet or exceed the self-sufficiency standard established by DBET, which currently stands at \$17.63/hour?
 Yes No
